Technical Partners

OCEANS is a bi-annual event for global marine researchers, technologists, engineers, students, and policymakers. The researchers and industrial leaders gather for four days to highlight, discuss and exchange relevant topics and current trends in marine technologies. This will help in creating awareness on advanced research areas, practices, and policies for the marine field. The Marine Technology Society and the IEEE Oceanic Engineering Society have partnered to present the prestigious OCEANS Conference & Exposition (2022), which will draw an audience of more than 1,000 attendees.

The 2022 edition of OCEANS Conference & Exposition will be held as a HYBRID conference, with an option available to attend the conferences physically and virtually, as per your comfort. This decision was taken keeping in view the health and safety of the attendees, amidst the pandemic.

The innovative OCEANS 2022 Chennai program will include technical sessions, invited sessions on specialized topics, plenary sessions, a student poster competition, outreach and media sessions, discussion panels, live feeds, tutorials, student hackathons and exhibits with the following highlights;

- Over 600 professionally reviewed technical papers, including sessions focused on local themes.
- Plenary sessions with leaders from industry, academia, defence forces and the government.
- Exhibitors showcasing the latest innovations in products and services from across the globe.
- A student poster session featuring outstanding projects from around the world and other student activities, including hackathons for student.
- Tutorials, workshops, product demonstrations, government listening sessions, social and networking opportunities, professional field trips etc.

You are cordially invited to the beautiful city of Chennai for lively sessions and discussions on ocean-related issues and to experience the magic of the oceans spanning centuries of maritime history.

SPONSORING SOCIETIES

The OCEANS Conference is made possible by the IEEE Oceanic Engineering Society and the Marine Technology Society. These societies have partnered to present the OCEANS Conference to society members, as well as the government agencies, universities, affiliated companies and individuals, in order to further grow and develop their fields through collaborative learning and synergistic solutions.
